## 1 Introduction and general information

- 1.1 Blochairn Housing Association is a registered social landlord which operates in the Royston area of Glasgow. Our mission is to provide good quality accommodation for those in housing need, and to manage and maintain this housing to the highest possible standard. The Association will also help to regenerate Royston in partnership with other agencies. We operate on a “not for profit” basis and are run by an elected Management Committee of up to 15 members who employ a staff team to manage the Association on a day to day basis.
- 1.2 We are committed, amongst other things, to:
- ✦ Provide good quality accommodation for those in housing need
  - ✦ Promote resident control and involvement and help local people to make decisions which affect their lives
  - ✦ Create a place that people are happy to live in and proud to say they come from
  - ✦ Provide high quality management and maintenance services
  - ✦ Adopt a culture of continuous improvement
- 1.3 The Association owns 293 properties in the Royston area and provides a factoring service to 32 owner occupiers. The types of housing presently provided by the Association is mainly for general needs, however we also have a small number of accessible wheelchair properties.

## 2 Equal Opportunities and Human Rights

- 2.1 In all areas of this policy Blochairn Housing Association will carry out its function with strict regard to the Equalities Act 2010. This means that there will be no discrimination against any of the protected characteristics such as age, disability, gender reassignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex and sexual orientation or any other personal attribute such as family circumstance.

- 2.2 We will adopt a human rights approach through the principles of: Participation, Accountability, Non-Discrimination, Empowerment and Legality.

This means that the Association will actively promote its services and individuals rights, with the aim of ensuring that no person or group of people is excluded from receiving information about the services of the Association; or from applying to it for housing; or is excluded because of a lack of appropriate accommodation suitable for their needs at that time.

### **3 Formulation of the policy**

- 3.1 This policy adheres to legal requirements contained within:

- The Housing (Scotland) Act 2014
- The Housing (Scotland) Act 2001
- The Housing (Scotland) Act 2010
- The Equalities Act 2010
- The Homelessness (Scotland) Act 2003
- The Matrimonial Homes (Family Protection) (Scotland) Act 1981
- General Data Protection Regulations 2018

- 3.2 This policy also takes account of good practice and guidance as detailed in the Social Housing Allocations in Scotland: A Practice Guide 2019 and the Scottish Social Housing Charter.

#### **Consultation of Stakeholders**

- 3.3 Consultation with the community and resident participation has always been one of the key aspects of the way in which the Association operates. We therefore welcome the statutory provisions in the Housing (Scotland) Act 2001 as amended by Section 4 of The Housing (Scotland) Act 2014 which requires all social landlords to consult with applicants on the housing list, tenants, registered tenant organisations and any other parties that the landlord sees fit when formulating key service delivery policies.

- 3.4 In line with the above, we will:

- Firstly, inform all tenants and applicants when a policy review is due, together with some information on what changes are likely to be proposed by us. We do this by including relevant information in our tenant newsletter, holding public meetings and/or focus groups. In addition, we provide the full policies on our website.
- Secondly, invite feedback from tenants, residents, applicants and their representatives about how well they feel the proposals address the needs of the community and whether there are any particular amendments they would like to see. Also, all policies have to be formally approved by our Management Committee.

- We will prepare and publish a report on the consultation process.

#### **4 The Role of the Management Committee**

While our staff carry out most of the work in relation to our housing list and allocating houses, our Management Committee also plays an important role. They help formulate the allocations policies and procedures and monitor the effectiveness of them when they are in place, as well as reviewing them regularly in line with our policy review timetable or in response to changes in legislation. In addition, they decide on any special case allocations and any tenancies awarded in accordance with our Entitlements, Payments and Benefits policy.

#### **5 The Association's Principles in Relation to Allocations**

- 5.1 We are committed to providing the best customer service possible. We have tried to design our allocations systems to make applying for housing as simple and straight forward as possible for the applicant.
- 5.2 We believe that openness, empowerment and accountability are very important in allocations. The information we make available to the public and the Regulator about how we allocate houses and the monitoring methods we use in the process, ensures that any interested party can understand how we work and hold us to account.
- 5.3 Everyone, 16 or over, has a right to apply for housing and we believe that every application should be assessed in a fair and impartial manner. This is because we have a strong commitment to equal opportunities and the principles of human rights in the allocation of housing.

#### **6 The Objectives of the Allocations Policy**

- 6.1 This policy will ensure that the Association provides good quality, affordable housing to those in housing need. We are committed to providing high quality homes which our tenants can enjoy living in. We do this by setting out a pointing system which gives priority to applicants in housing need in line with the categories of reasonable preference set out by the Housing (Scotland) Act 2014
- 6.2 As per the Housing (Scotland) Act 2014 the categories of reasonable preference are as follows:
  - Homeless or threatened with homelessness with unmet housing needs
  - Unsatisfactory housing conditions with unmet housing needs
  - Tenants of houses which are held by a social landlord, which the social landlord selecting its tenants considers to be under-occupied

In the first two categories the applicant must have unmet housing needs. By unmet housing needs the Act states:

“... where the social landlord considers the persons to have housing needs which are not capable of being met by housing options which are available”.

The defined term for someone who is homeless or threatened with homelessness is: “Someone who has no accommodation in the UK or elsewhere or who has such accommodation but it is not reasonable for him to occupy it”.

There is no defined term for unsatisfactory housing conditions. Nevertheless, it is intended to cover the physical condition of the property or where there are uncertainties over the suitability of the property for the applicant’s needs.

- 6.3 The policy will maximise the choices and opportunities that applicants receive by providing them with information and advice about other providers and the different opportunities for housing within the local area. The Association also promotes choice by establishing applicants’ preferences in relation to the types of homes they want and their location. The only exception to this is with Section 5 referrals where there is a one offer only policy which is dictated by Glasgow City Council.
- 6.4 The policy will try to promote stable communities which we have defined as encouraging people to reside in the area who have a range of life and employment experience and/or will support and strengthen family networks. Points are awarded as per section 27 – Assessing Housing Need to achieve this. In addition, by giving applicants choices when applying we are helping to promote tenancy sustainability and as a result stable community. The Association will, at the point of allocation, be mindful of ensuring tenants who are vulnerable are offered additional support to help sustain their tenancy by referring them to our Welfare Rights or Financial Capability Officer, Tenancy Support Officer, the Social Work Department or Tenancy Support Services. The Association will aim to avoid housing those people with dependency needs in locations where their vulnerability will be increased.

## **7 How to Apply for Housing and Verification of Circumstances**

### **7.1 How to Apply for Housing**

7.1.1 To apply for a house, applicants can do any of the following:

- Take the form away and fill it in
- Contact the office on 0141 553 1601 and have the application form posted out
- Download an application form via the Association’s website at [www.blochairn.org](http://www.blochairn.org).

Once applicants have completed a form we will review the form and ensure it is fully completed. If we require any additional information, we will contact the applicant for this. This will ensure we have all the information required to fully assess the application and prevent delay.

7.1.2 When we have the completed application form our staff will then assess it using the points system shown in Appendix 1.

7.1.3 Within 10 days of receiving a completed application form we will write to the applicant to tell them how many points their application has received and that the application has been put on our housing waiting list. For an application to be complete the minimum requirement is to have Confirmation of identify, National Insurance Number and address. Confirmation of address must be within the last three months. The applicant's position on the list will depend on the number of points they have. The list is divided up according to the size of accommodation requested, for example, there is a one bedroom list, a two bedroom list etc. It will be advised to the applicant that we are receiving new applications almost every day and as a result the housing list is constantly changing. Consequently, so is the applicant's position on the list.

7.1.4 We aim to maximise choice to applicants by providing a comprehensive guide to the properties available and to give applicants information on the likelihood of being rehoused in their preferred location. This will ensure that their aspirations and needs are clearly defined but at the same time ensuring an effective allocation process.

## **7.2 Verification of Circumstances**

7.2.1 The application form provides a basis for assessing housing need. However, in some cases further investigation of the applicant's circumstances will be required. In many cases this will involve the provision of evidence or supporting documentation, for example, where an applicant states the move is due to employment, evidence of offer of employment is required.

In other cases, this may involve a more detailed assessment by other agencies in relation to housing needs.

7.2.2 To ensure we accurately assess the housing needs of applicants, we generally need applicants in the following circumstances to provide some verification, as outlined below, before points can be awarded.

Circumstances	Proof Required
All applicants	Photographic identification, confirmation of address and National Insurance Number before an application can be put on the waiting list.
Statutory Homeless	Assessment undertaken by homelessness advisor (Glasgow City Council)
Asked to leave current accommodation/threatened with homelessness	Copy of valid Notice to Quit/letter withdrawing consent to occupy.
Moving to help sustain employment/training	Need to specify on the form why a move will help sustain training/employment and provide confirmation of employment
Moving to provide and/or receive support	Need to specify on the form who is receiving and providing the support, and the support needs.
In need of re-housing as health affected by current housing circumstances.	Confirmation of health condition, details of why a move will help this condition.
Access arrangements	Letter from child's other parent or letter from lawyer or other agency
Experiencing violence or harassment	Position of belief, in certain cases obtain police incident numbers
Experiencing Domestic Abuse	Position of belief
Home Owner Repossession Action	Letter from Mortgage lender regarding legal action
Property Below tolerable standard	Confirmation from the landlord, the City Council, or the First Tier Housing Tribunal. A house visit may be carried out to verify the circumstances if no other evidence is available.

We recognise that in some cases the information required may be sensitive and of a personal nature. In such circumstances, we will adopt a position of belief and trust.

## 8 Admission to the Housing List

8.1 Anyone who is 16 years or older has the right to apply for housing and to be admitted to our Housing List. This right is protected by the Housing (Scotland) Act 2001.

8.2 Applicants must understand the difference between the right to be admitted to the Housing List and the right to be allocated a house. The number of allocations that we are able to make each year depends on the number of houses becoming empty – empty houses are known as “voids”. As demand for housing in most areas exceeds the supply, regrettably the Association is not in a position to assist all applicants with re-housing. Consequently, we cannot provide any guarantees that any applicant will be successful in being made an offer of housing.

8.3 Information about the types of properties we have and the level of turnover for them is available with the application form and lettings sheet. We can also give the applicant this information if they contact the office. This information can be used by applicants to get an idea of their likelihood of being offered housing, especially when they take into consideration the streets, or apartment sizes, they have selected. The Association will make a special effort to inform applicants who - due to their low number of points or the selections they have made – will have a very low chance of receiving housing from us. We will make it clear to all applicants of alternative housing options available to them such as applying to other landlords in the area.

#### 8.4 **Property Ownership**

Owner occupation will not automatically result in an application being rejected.

The normal housing need criteria will be applied to applicants who own a property. Should an offer of housing be forthcoming from the Association, confirmation that the property is up for sale will be required prior to the signing of missives. Individual cases will be looked at on their own merit.

### 9 **How we Assess Applications**

9.1 We operate a points system for assessment of housing applications. This is a system which is easily understood, simple to administer and aims at giving the highest priority to applicants in the greatest housing need. It is a fair system of assessment and does not discriminate against any applicant.

9.2 In determining housing need, reasonable preference is given:

a) to persons who:

- are homeless or threatened with homelessness and who have unmet housing needs
- live in unsatisfactory housing conditions and who have unmet housing needs
- are social housing tenants who are under-occupying their home

**The following factors will not be taken into account when assessing an application:**

- The length of time an applicant has resided in the area (there is no minimum period of residence)
  - Any housing related debt accrued by the applicant in a previous or current tenancy which are not more than one month's charges.
  - Where the applicant has rent or service charge arrears but has made an arrangement with the landlord for clearing the arrears and has kept to the arrangement for at least three months and is continuing to make payments
  - Any outstanding debts (including council tax arrears) of the applicant or anyone who it is proposed will reside with the applicant which do not relate to the tenancy of a house
  - The age of the applicant provided that the applicant is sixteen years of age or over, except in the allocation of (a) houses which have been designed or substantially adapted for occupation by people of a particular age group or (b) houses to people who are, or are to be, in receipt of housing support services for people of a particular age group
- The income of the applicant and his/her family

### 9.3 Occupancy Standards

With regard to the Association's aim to make best use of its housing stock, occupancy standards will be applied when assessing the size of housing required by an applicant and his/her household.

The size of housing an applicant and his/her household will be considered for is detailed below.

#### Occupancy standards

- Children of the same sex are expected to share a bedroom up to 13 years old, discretion may be applied
- Children of the opposite sex over 7 years old should have separate bedrooms.
- No more than two children should normally share a bedroom.
- Adults living together as partners will be expected to share a bedroom unless circumstances require this should not happen, for example, where individuals require separate bedrooms for medical reasons.
- Adults should not share a bedroom with a child

## 10. Adapted Properties

We are keen to ensure when an adapted property becomes available, it is matched to the most suitable applicant. When selecting on an adapted property staff have discretion out with the normal points selection procedure to ensure that the right balance is achieved between an applicant's need and the adaptations within the property.

## 11. How We Allocate our Houses

When a property becomes available for allocation, we will produce a shortlist of applicants whose needs and preferences most closely match this property, in order of their placing on the housing waiting list.

### 11.1 Accountable discretion and sensitive lettings

In the interest of achieving balanced and sustainable communities and making most effective use of housing stock, the process of matching applicants to properties will require a level of discretion in order to:

- **Match people with appropriate properties** - for example to ensure that physical mobility needs are met and adapted properties allocated appropriately
- **Avoid potential clashes of lifestyle** – based on analysis of the circumstances of individual applicants rather than generalisations
- **Avoiding over concentrations of household type** – for example avoiding high levels of child density or unduly high proportion of vulnerable people in one area, estate, street or close
- **Ensure the quotas are being achieved between the lists** – for example discretion has to be exercised in deciding which list to allocate a vacancy from.

To ensure a clear and accountable audit trail in allocations we ensure that every offer and allocation made is countersigned by two members of staff.

### 11.2 Special Cases

A 'special' allocation should only be such if it cannot be addressed within the context of the current Allocation Policy or if it requires a variation on the regular policy. In this instance the approval of the Management Committee will be sought.

Staff will draft a short report to Committee with recommendations being made. Based on the individual circumstances and the recommendation, Committee can award additional points as defined under section 12.0 of the policy. It may, in such instances be necessary to divulge the identity of the applicant. This will only be done with the consent of the applicant.

If it is found that approval from the Management Committee is being sought frequently then the Allocations Policy will be reviewed and amended in order to bring most of the cases within the policy.

## **12.0 Review of the Housing List**

- 12.1 In order to help ensure that the information held on the list is up-to-date and that each applicant still wishes to be considered for housing by the Association, the list will be subject to review every twelve months.
- 12.2 At the time of the review the Association will ask applicants to confirm that they still want to remain on our housing list and may also ask about changes to their circumstances. Applicants indicating a change of circumstances will have their application re-assessed and will be advised of their new status.
- 12.3 The review will be done by post or email, applicants will be asked to respond within 14 days, if no response after the 14 days a second letter will be sent to respond within 7 days and where there is still no response after the 7 days the application will be cancelled. The Association will send a third letter advising that the application has been cancelled with the advice that they should contact the Association immediately if they wish their application to be reinstated. If email is used, the final letter will be posted to the address before the application is cancelled.

## **13 Suspensions from the Housing List**

- 13.1 Blochairn Housing Association will ensure a continuous opportunity for people to apply for housing, be assessed using the needs-based points system, and to access the housing list. However, in certain circumstances, we may suspend applications. While an application is suspended it cannot receive any offers for housing. Suspensions are never permanent. The reasons we will suspend an application are shown below, along with how and when the suspension can be ended.

**Suspension Table:**

<b>Reason for Suspension</b>	<b>Length of Time Application will be Suspended</b>	<b>How the Suspension can end</b>
<p>The applicant has outstanding rent arrears, service charges or rechargeable repairs, which they incurred whilst a tenant, equivalent to one months charge, or more, with a current or previous landlord. Generally this would not apply to debt that is more than 5 years old, however, there may be occasional circumstances where a suspension can be imposed on debt that has previously been written off</p>	<p>The application will remain suspended for as long as it takes the applicant to make the repayment agreement with their current or previous landlord and keep the agreement for 3 consecutive months. Any agreement will take account of the level of debt and the time that it will take to clear.</p>	<p>The current or previous landlord of the applicant must confirm that the applicant made a repayment agreement and has kept this agreement for the last three months.</p>
<p>It can be shown that the applicant intentionally provided false information during the application process to gain more points</p>	<p>12 months</p>	<p>The Suspension will end when the 12 months have passed and the applicant has provided true information.</p>
<p>Has acted in an anti-social manner or pursued a course of conduct amounting to harassment towards another person residing in or visiting the locality of the house occupied by the applicant</p> <p>Has acted in an anti-social manner towards an employee of the Association in the course of making the application.</p>	<p>We will only look back up to 3 years unless there are exceptional circumstances. The general rule is that the suspension will continue for no more than 12 months.</p> <p>We may consider the use of a Short Scottish Secure Tenancy as permitted under the Housing (Scotland) Act 2001 as amended by the 2014 Act.</p>	<p>The applicant's current landlord must confirm that the person has not committed any antisocial behaviour in the last 12 months.</p>

	When considering anti-social behaviour we will consider the nature, frequency and length of the conduct. The extent to which the anti-social behaviour arises because of the acts/omissions of other people. The effect it is having on other people. In essence we must have robust evidence to support any suspension.	
Where an applicant has abandoned or neglected a tenancy/previous tenancy	12 months	It will be lifted after the twelve month period
Where an applicant or someone living with the applicant has previous convictions associated with offences committed within the surrounding area or within a residential property within the area	12 months	If there are no recent offences that have been committed
The applicant or someone planning to move with them has been violent or acted in threatening manner towards a member of Blochairn Housing Association's Management Committee or staff.	Each case will be looked at on its merit. The suspension will continue for no more than five years since the last incident of violence towards our Committee members or staff. If the person acted in a threatening manner they will be suspended for a maximum of 12 months.	Five years must have passed since the last violent incident.
The applicant has been evicted from a tenancy within the last year and it is not related to tenancy debt	The suspension will continue for no more than one year since the last time the applicant was evicted	It must be confirmed that the applicant has not been evicted in the last year.

13.2 Applicants who are suspended from the list will be notified of this in writing. An explanation will be provided on the reasons and the time period that the suspension is to apply will be clearly noted. This letter will also state clearly how the suspension can be brought to an end.

A suspended applicant will also be advised of their right to appeal through the Association's Appeals Procedure. Please refer to Section 23.1.

We may decide not to suspend an application where in the view of the Operations Manager or Director, the needs of the household outweigh any other concerns.

- 13.3 All suspended applications will be monitored regularly by the Housing Services Officer to ensure suspensions are lifted at the appropriate time, or earlier if circumstances permit.

#### **14.0 Removal from the Lists**

- 14.1 It will not be usual practice for us to remove applicants from the lists and, where this does occur, it will be confined to the following circumstances:

- the applicant has been offered a tenancy by us and this has been accepted
- the applicant has requested to be removed from the list
- the applicant has died
- the applicant has not responded to the annual review process
- the applicant has been re-housed by another landlord

#### **15 The Applicant's Responsibilities**

- 15.1 When the applicant completes an application form they must ensure that all the information they give us about their circumstances is correct. This is important because it means we can make an accurate assessment of their housing needs.

- 15.2 The applicant must provide the following information before we can process their application:

- applicant's name and address,
- national insurance number,
- date of birth,
- household composition,
- confirmation of identity and confirmation of address, dated within the last 3 months.
- Confirmation of legal status (where appropriate)

Confirmation of ID and address would be as follows e.g, a bank statement, utility bill, letter from employer, letter from DWP, passport or driving licence. N.B. this is not an exclusive list.

- 15.3 If we request further information from the applicant to assess their application then they need to supply us with this, within the timescale we state, so we can complete their assessment.

- 15.4 When we write to the applicant to carry out a review of our housing list they must notify us of their wish to remain on the list

- 15.5 When the application is on our housing list the applicant needs to tell us if their housing circumstances change. This is so we can update their application and make sure that they have the correct amount of points.
- 15.6 Applicants are required to declare on the application form that all information supplied is true and are reminded to be accurate with the detail they provide. Should it come to the Association's attention that false or misleading information has been given or information withheld in order to obtain a tenancy, the application will be reviewed and action may be taken to recover possession of the property for which a tenancy has been granted.

## **16 Internal Transfers**

- 16.1 Internal transfers occur where a current tenant wishes to move to another one of our properties.
- I. Transfer lets are made principally on the basis of housing need based on points and a quota system. The Association has a target of allocating 25% of available properties to transfer applications. Forms will initially be assessed according to the main Allocations Policy. All applicants must therefore complete an application form, following which a number of points will be awarded.
  - II. An internal transfer applicant must have been in their current home for at least 12 months before an application for transfer will be considered unless there are exceptional circumstances.

Applications for internal transfer may be suspended or cancelled in accordance with Sections 12.0 and 13.0.

## **17 Mutual Exchanges**

17.1 Association tenants may apply for Mutual Exchanges:

- (i) With other tenants of the Association
- (ii) With tenants of other registered social landlords in the United Kingdom

Cross ref: Mutual Exchange Policy

## **18 Lets to Staff, Committee or Members of their Family**

18.1 Please refer to policy, Entitlements, Payments and Benefits for guidance on letting a property to staff, committee (and their families).

## **19 Working with Glasgow City Council**

### **19.1 Homelessness**

19.1.1 We work in partnership with the Council in tackling homelessness by assisting the Council in re-housing homeless applicants.

19.1.2 It is our intention to comply fully with the duty under Section 5 of the 2001 Act which requires the Association to comply with any request made by the Council to provide accommodation for a homeless household, unless there are good reasons for not doing so.

### **19.2 Sex Offenders**

19.2.1 The Association will co-operate with the responsible authorities to develop a protocol to exchange information regarding registered sex offenders. Any proposed protocol will not necessarily mean that the Association will offer accommodation to sex offenders. The Director, on behalf of the Management Committee will seek to negotiate a protocol which takes into account relevant environmental attributes in our local community which may pose a risk to a sex offender re-offending.

19.2.2 Sex offenders will not be considered for re-housing through the Section 5 homeless route.

19.2.3 Where an applicant, or a member of an applicant's family has been on the sex offenders register we make an assessment of the consequences to the Association if we provide a house and the person who has been on the sex offenders register reoffends. This includes:

- the effect on the victim
- the likelihood of legal action against us in terms of Public Liability
- the effect on our community
- the damage that will be done to our organisation, in terms of, what will be seen by the community as, a betrayal of their trust

## **20 The Quota System**

20.1 The Association wishes to allocate its houses in a manner that creates and maintains balanced, stable communities. The Association is committed to allocating houses in a manner that is objective, fair and accountable. The following targets have therefore been agreed for rehousing for each group.

✦ Waiting List	44%
✦ Internal Transfer List	25%
✦ Section 5 Referrals	30%
✦ Students	1%

- 20.2 The percentages outlined in the quotas are not absolute figures which must be attained. Rather, they show how we hope to ensure a balance in our overall annual lettings to each group.
- 20.3 We will ensure selections are made on a rotational basis to help ensure that quotas are broadly achieved on an ongoing basis. To assist this process quarterly outcome reports detailing allocations made will be prepared. However, to achieve sustainable communities and make the most effective use of our stock we may deviate from the rotational selection process. For example this may be necessary due to sensitive lettings as described in point 11.1 entitled "Accountable discretion and sensitive lettings".

## **21 The Tenancy Agreement**

- 21.1 The Housing (Scotland) Act 2001 introduced the Scottish Secure Tenancy (SST), and almost all lets after 30 September 2002 have been made on this basis.
- 21.2 In certain circumstances, however, the Association may decide to let on the basis of a Short Scottish Secure Tenancy. The circumstances are:
- if the tenant/member of the household/or visitor has engaged in anti-social behaviour in the vicinity of the house in the last 3 years
  - where the tenant/joint tenant has been evicted for anti-social behaviour in the past three years or is subject to an ASBO
  - Homeowners that may require somewhere temporarily to meet their housing need. For example, if they are in the process of selling their property
- 21.3 The Short SST can be in place for a minimum of 12 months and can be extended to 18 months in cases of anti-social behaviour. In the cases of homeowners the short SST can be for a period of up to 6 months.

## **22 Measuring the Outcomes of the Policy**

- 22.1 We record all our allocations decisions, numbers on the housing list and details on lets made in the form of quarterly reports to the Management Committee and the statistical information contained in the Annual Return on the Charter. Both contain the following information:
- details of the number of lets in the reporting year
  - details on lets by source of let
  - the number of suspensions applied in the reporting year
  - equal opportunities monitoring information
  - the number of cancelled applications in the reporting year
  - the number of section 5 referrals received in the reporting year
  - the number of section 5 referrals offered rehousing
  - the number of section 5 referrals rehoused
  - the number of applicants on the housing list

- the number of new applicants to the housing list
- percentage of tenancies sustained for more than a year
- types of tenancies granted in the reporting year

22.2 Information on the above is sent to tenants via the ARC report, in newsletters and is contained on our website. A copy can also be posted on request.

## **23 What to do if you are unhappy with our decision on your application**

### **23.1 Appeals**

## 28. THE ALLOCATION OF HOUSES

The association aims to demonstrate clarity, openness and accountability in relation to the allocation of houses that it may make.

### 28.1 Housing Need V Community Need

The association has already stated that it wishes to contribute towards creating a balanced community. It has defined this balanced community to be one which encompasses various types of households in terms of size and age groups as well as residents from differing socio-economic groups.

In an effort to do this, the Association will consider:

### **28.1.2 Choice/Aspiration amongst Applicants**

Applicants shall be allowed to highlight particular streets when making an application for housing. Every effort will be made to take this into consideration during the allocations process but an offer of a chosen address is not guaranteed.

### **28.1.3 Creating Stability**

The association will, through its allocations policy, strive to create a balanced mix of residents. It will ensure that the policy is weighted in such a way as to avoid an over concentration of one particular household type.

### **28.1.4 Date of Application**

Where two or more applications have been awarded the same number of points and no distinction can be made in their housing need, priority will be given based on date order.

## **28.2 Flexibility**

### **28.2.1 Sensitivity & Discretion in Allocations**

It is inevitable that the need for a certain level of discretion will always exist within allocations policies but this will be limited as far as possible.

- It is agreed that wherever possible applicants will be matched with appropriate properties and locations e.g. in terms of mobility needs.
- It will be considered to be good housing management practice to address potential clashes of personality or lifestyle that may be known the association staff prior to making allocations.

## **29. TRANSFER APPLICATIONS**

The association has a target of allocating 25% of available properties to transfer applicants. Performance against this target will be reviewed on an ongoing basis and referred to committee should a change be deemed necessary. This Section defines the criteria which apply to applications for transfers.

### **29.2 Amalgamation of Transfer & Waiting List Applications**

Where a transfer applicant seeks re-housing in order to move in with another person who may or may not already have their own tenancy elsewhere, the application will be assessed as follows:

- Each of the two applications will be assessed separately according to the allocation policy.

- The applications will be amalgamated and the total number of points calculated.
- The application will be placed on the transfer waiting list.

#### **29.6 Suspensions, Cancellations and Appeals**

Applications for internal transfer may be suspended or cancelled in accordance with Sections 13.0 of this policy. Applicants also have the right of appeal as detailed in Section 23.0.
